COMPOSITION/INFORMATION ON INGREDIENTS

N/A

HAZARDS IDENTIFICATION

This product is considered non-hazardous.

We are not aware of any hazards for this product other than containing minor amounts of sodium azide used as a preservative.

HANDLING PROCEDURES

As part of general hygiene and safety procedures, all Good Laboratory Practices should be followed in handling this product or any laboratory reagent to avoid exposure. Avoid contact with reagents by wearing appropriate personal protective clothing including, but not limited to, chemical resistant gloves and chemical safety goggles. Avoid prolonged or repeated exposure to any chemical. Any chemical should only be handled by qualified, experienced professionals.

HANDLING AND STORAGE

Keep locked up. Keep away from heat, sources of ignition and incompatibles such as oxidizing agents. Empty containers pose a fire risk, evaporate the residue under a fume hood. Ground all equipment containing material. Avoid contact with skin and eyes; do not breathe dust. Avoid prolonged or repeated exposure. Immediately remove all contaminated clothing. Wash hands before breaks and after work. Avoid eating, drinking and storage of food in the work room. Store tightly sealed at +4°C to -20°C. Avoid freeze/thaw cycles.

WASTE DISPOSAL METHODS

Observe all federal, state, and local environmental regulations.

DISCLAIMER

The above information is believed to be correct but does not purport to be all inclusive and shall be used only as a guide. The information in this document is based on the present state of our knowledge and is applicable to the product with regard to appropriate safety precautions. It does not represent any guarantee of the properties of the product. Alexis Corporation shall not be held liable for any damage resulting from handling or from contact with the above product.

For R&D use only. Not for drug, household or other uses.
